Notes:

- Our Judges will be looking at the overall “affect” of the miniature(s), as well as artistry in all aspects of the hobby, so make sure to go to town on the bases as well.
- We will allow conversions, but at least 1/4 of the original figure must be recognizable. Please send us your questions if you’re not sure (we’re pretty damned generous, so send us rough sketches, descriptions, or whatever you think will give us a feel for what your’ planning to do if it’s a major conversion).
- No original sculpts for now. Maybe next year!
- Category winners will be allowed to win multiple categories.
